Club News

By Anthony Lambert, General Manager

Sunshine and blue skies are here again. Warmer weather makes it a great time to take part in more outdoor activities like our walking trails, dog park, bocce ball, sand volleyball, pickleball, and more. We urge you to get outside and participate in anything that makes you happy.

Our calendars are filling up with lots of fun events. Be sure to make plans to celebrate St. Patrick's Day at the Club. Both restaurants are offering the most delicious traditional Irish menus that include everyone's favorite corned beef and cabbage. Also, it is never too early to make reservations for Easter Dinner at the Grille or Skyview restaurants. We recommend you call to reserve your table for holiday events as soon as possible to ensure availability at your preferred time. Both Chef Dwane at the Grille and Chef Justin go all out to

make these events an incredible experience for you.

For those of you that need to get an RF (gate) tag for the first time or for a new vehicle, we have a new procedure to make the process easier. Please call our membership office at 352-746-5828. They will take your name, automobile details, license tag and payment information over the phone. At the end of the call, they will schedule a drive-up appointment time to pick up your tag. Just pull up to the Activity Center at your scheduled time, and we will come out and place the tag on your windshield. We know your time is valuable, and this new process has made things quick and efficient for everyone. Have a great month.

Snowbirds! Before you fly the Coop, I wanted to remind you to send me an email to put your daily email on hold with the dates you will be away and when you'll return. Please do not try to unsubscribe or change your preferences on your own; we request that you notify us directly with this information so that we can manually hold your Club emails while you are away. With anti-spamming laws in place, unsubscribing can mean that you will not be able to be added back to the list when you return and you may miss out on hearing about events.

Speaking of emails, you may have noticed that we have added a new Events & Entertainment email being sent out twice a month to our daily email list. It is a comprehensive look at our upcoming events! Hope has been really busy planning special events to keep your schedule full year-round... From Concerts and Comedy, Trivia Nights, Free Informative Presentations, Dinner Shows, Farmers Markets, Car Shows – there is something for everyone, and this is email is a great way to see

them all to be sure you don't miss out! Every event listing also includes an informational link taking you to the full-page event flyer and the page to add the event to your personal calendar.

We're starting a "Picture of the Day" on the Club's Facebook page (www.facembook.com/floridallifestyle). If you take a photo at the Club enjoying a meal, our beautiful amenities, the local wildlife, or your family enjoying a day here, please send it over to me at lisa@citrushills.com! It will be posted on our Facebook page and may even make it into the newsletter! We love to see your experiences at the Club and our members' smiling faces!

Please note that at times our event calendars may update due to event or entertainment changes. Always check the most recent calendar on the Club's www.clubhappenings.com website when making your plans.

Social Events & Entertainment

By Hope Selander-Haag, Activities Director

We're about to enter the best time of the year - spring! Florida is recovering from what little winter we did have; everyone is spending more time outside, and our social calendar is chock-full of items for everyone.

Speaking of outside, we have our Car & Antiques Show on March 20th in the Activity Center parking lot. Here you will be able to browse cars from members and others in the community, purchase gorgeous antiques, listen to music, and enjoy a Florida Sunday. On April 3rd, we will host our Spring Farmers Market, which will be sure to give you the chance to purchase homemade goods from all your favorite local vendors. Are you looking to update your family portraits? On March 23rd, we will have Robert McClory here to take springtime photos of you and your loved ones (even your furry friends).

If you haven't been to the Activity Center lately, be sure to stop by to stay up to date on all the events and entertainment here at Citrus Hills. We have welcomed a lot of new and exciting activity clubs, where you can meet new members or find a new hobby. Our bulletin boards are filled with all of our current events, and you're able to purchase tickets right

at our front desk. Grab your friends and pick a show to see!

Now that we mention friends, have you heard? Circle of Friends is back by popular demand! This group is having an informational meeting on March 21st at 10am, which is free to attend. Be sure to come and see what this wonderful group is all about. Enjoy other fan-favorite events such as the Murder Mystery Dinner Show on March 15th, Comedy Shows on March 8th and April 12th, International Women's Day Luncheon on March 8th, Spittin' Image Dinner Show on March 22nd, a fun Fashion Show on March 24th, and if you love Darin & Elvis, you won't want to miss them on April 5th.

Our last Big Shows of this season are The Classics IV on March 10th, Tribute to Dick Clark's American Bandstand on March 31st, The Petty Hearts on April 14th, and Pioneers of Rock and Soul on May 26th. We'll be announcing our 2022-2023 Big Show season in April, and we're bringing back subscription tickets! Grille & Tiki Tasty Tidbits

By Michael Bick and Jonathan Chavez

Welcome spring! A heartfelt "thank you" goes out to all of our members that made our Valentine's celebrations in both the Grille and Tiki Bar so special! We can't express enough gratitude to all of you that support the restaurant, not only on holidays but every day of the year!

As we "leap" from February to March, we want to remind you to make your reservations for our St. Patrick's Dinner in the Grille on Thursday, March 17th. Our own talented Irishman, Jack Dempsey, will be entertaining from 5 to 9pm in the Grille, crooning your favorite Irish melodies. A limited menu will be available, including your favorites: Scallop Pie; Roasted Lamb Shanks; Lamb Shepherd's Pie; Black and Tan Pork; and, of course, Corned Beef and Cabbage.

Looking ahead to April, we are already taking reservations for our lavish Easter Buffet in the Grille on Sunday, April 20th. Chef Dwane has a delectable menu for you to enjoy; our holiday buffets are always a favorite for our members and their families and guests.

With warmer weather on the

horizon and more daylight to enjoy, we invite you to spend more time in the Tiki Bar with your family, friends, and guests. In addition to our Monday band nights, we are continuing our Karaoke Night every first Thursday of the month. Alan O'Neal has great karaoke equipment and an infinite selection of songs for you to croon your favorite tunes. On the third Thursday of every month, we have the amazing DJ Tecniq spinning all your favorites to get you out of your seats and up dancing.

April is traditionally the end of peak season in Florida, and it is the month that many of our members head back up North. We hope that our permanent members continue to enjoy our member favorites such as Pasta Night, Fajita Night, Two for One Prime Rib Night, Gourmet Mac & Cheese Night, Meatloaf Night, and our All-You-Can-Eat Catfish Fridays throughout the spring and summer.

We look forward to seeing all of you at the restaurant, and, as always, we look forward to serving you!

BellaVita Fitness & Spa

Get back to exercise; it's never
too late.

Staying on track with your exercise
program can be difficult at times,
so before you lose momentum and
give up, try these 10 helpful tips
to help you keep it going forward
for long-term success.

1. Forget that image you had of
yourself back in high school; start
a new profile of yourself through
exercise.

2. We know that sometimes time
restraints can be the problem, so
write it down like an appointment.

3. Start with a 20-minute walk
or a 30-minute bike ride if you are
just returning to working out. This
is a good start, and you can grow
from there.

4. You can include your family;
run while your son or daughter
rides their bike or walk the dog.
The key is to just get moving.

5. Pain is sometimes part of the
process; remember that you will
have some muscle soreness, it's
normal.

6. Keep a pace that is comfortable
for you at first and then increase

your intensity level
slightly as you
move forward with
your program.

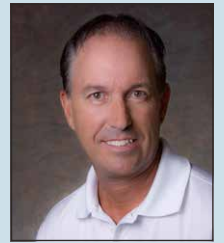

7. At some point,
sign up for a local
event; maybe a 5K
run/walk. It's a goal to strive for
and adds some meaning to your
working out.

8. Follow a healthy diet; if you
limit your calorie intake too much,
you will not have enough energy
to work out and your metabolism
will slow down. (Eat regularly)

9. There are energy peaks during
our days; so understanding your
energy cycle will help. Try to
complete your workouts when
you feel the most energetic and
positive.

10. Make all your workouts fun;
if you enjoy what you are doing,
you are more likely to stick with it.

Remember it is also very
important to tweak and spice
up your workouts periodically to
challenge yourself and to keep your
exercise program from becoming
too routine.

Tennis Talk

By Bruce Payne, Director of Tennis

Happy spring and not a moment too soon. We survived the worst that Florida winters have to offer and are more than ready to let the sunshine in. Unfortunately, the season started off with some sad news. Our 6.5 USTA combo team captained by Suteera Joyce was forced to withdraw from the sectional competition in Lake Nona last month. As Marion District champs, the team qualified for the event but was forced to withdraw because of some last-minute injuries. Florida sectionals are grueling by nature and a healthy stable of players is essential to the quest. Nonetheless, congratulations are in order for Suteera and her team for a terrific season of league tennis.

Our newly formed Skyview Tennis Committee met in February to set the stage for a post-COVID tennis center. The committee is prepping a survey to see what types

of activities would attract members during afternoon/evening hours when courts are less busy. Socials, round-robins, and cardio tennis are on the agenda, so we're anxious to get the survey distributed and see the results. More information will be sent to Skyview Tennis members soon via Tennis News email.

League tennis has been stymied by rain this season. We have some USTA teams that have only played one match this year at the time of this writing. We have several teams in contention which will have multiple make-up matches soon. Team captains will work with us to get those matches scheduled and match times published. Please look for updated schedules and support Skyview teams when you can.

Skyview Golf

By Parker Hewitt, Head Golf Professional

Hopefully, our "winter" is behind us, and we can get back to the sunshine that makes Florida the place to be! A cold and rainy January and February have certainly put a premium on those sunny days, which have been few and far between to start the New Year. Being from Ohio, it's always good to keep things in perspective during our colder months down here. I'll take a cold 40-degree day over a few feet of snow any day! One benefit of the cooler weather has been increased green speeds and healthier greens. Although TifEagle was originally designed to withstand warmer temperatures, the cold weather helps tighten up the root base, which, in turn, gives us a more uniform, faster surface to putt on.

As far as the golf course goes, we've never been in better shape! We made a significant change to the way we overseeded this year, and we couldn't be happier with the results. Not only do we have more consistent coverage, but we will also benefit during our "transition" period, which has been less than satisfactory the last few years. We continue to make improvements

to the course, some of which are more visible than others, like new sand in bunkers, new cups and pins, new clocks for the range and tees, and cart path repairs/improvements. We will also be making improvements to the range so that we can continue to offer a first-class practice facility to our golfers.

In closing, I hope everyone has had a great start to 2022. We've got several great events planned for April, some of which include the return of our Men's Member-Guest on April 1st and 2nd, followed by our Awards Dinner & Tournament on the 18th. To end the month, we have our Skyview Ryder Cup on the 25th and 26th. We look forward to seeing you up here at Skyview, whether it's to play in a tournament or enjoy a round with some friends. Whatever the case, we hope you enjoy our course and make sure to stop in and say hello to our staff! We look forward to seeing you. As always, long and straight, and not too often.

Oaks & Meadows

By Wayne Larsen, PGA, Head Golf Professional

We are in the heart of golf championship season this time of year. Our Ladies Team Championship, The Citrus Cup, was contested in January. The team of Peg Crowley and Jackie Dziekan prevailed as Overall Gross Champions, while Stacey Palma and Sherry Rock repeated as Overall Net Champions.

Our Couples Championship also was contested in January. The team of Kathy and Mike Stefani shot an impressive total of 147 in the 36-hole Better-Ball Competition to be named our 2022 Overall Gross Champions. The Overall Net Championship was claimed by Cheryl and David Massey with a 36-hole net total of 128.

Our season-long Men's Match Play Championship is also in full swing. As of this writing, Don Clayton, Fred Eicher, Ron David, Jerry Reynolds, Richard Agnew, and Ken Marbutt have all won 1st and/or 2nd round

matches. Our Match Play Champion will be crowned in April.

Also, the Men's Member-Guest will be held on Friday and Saturday, April 1st and 2nd. Although the competition is held at Skyview, please remember that the event is open to ALL Citrus Hills Charter Golf and Social Gold Members. If you have never played in this event, you owe it to yourself and a golfing buddy to give it a try.

The golf course maintenance staff work tirelessly to present our courses in the best possible way every day. You can help in this effort by challenging yourself and your playing partners to obey cart path rules, fill divots, and repair ball marks left on the greens. Peer pressure can be a strong motivator.

BACK AND NECK PAIN

Seminar

Presented by
Bravera General Surgery

The neck and back are an achievement of biological engineering. More than 33 vertebrae form the column that runs from your skull to your tailbone and between each is a cushiony disk, all held together by a web of ligaments and muscles. With all those moving parts, plenty can go wrong. Back and neck pain is incredibly common, especially as we age. Fortunately, most cases can be treated without surgery.

A Note From Eric Abel

Citrus Hills General Counsel

I would like to introduce you to Cyle Moses, the new General Counsel at Citrus Hills. Cyle is from Corbin, in Southeastern Kentucky. He earned two Bachelor's degrees from the University of Kentucky: American History and International Political Science. After graduation, he moved to Tallahassee, Florida, and earned a Juris Doctorate degree from Florida State University College of Law.

During his second and third years of law school, Cyle became a Certified Legal Intern. This certification allowed him the opportunity to represent real clients in the Public Defender's Office. After his graduation in 2017, Cyle moved to Key West and became an Assistant Public Defender for a number of years before he made the jump to the State Attorney's Office. We are excited to have him working with us at Citrus Hills in the Administration Office.

I would also like to address concerns about the proper entry and exit of Terra Vista. In the past few weeks, it has come to my attention that there has been an increase in the number of vehicles tailgating and driving through the gates. It is very important to remember that the gate system is set up to close after each vehicle. If you tailgate through the gates, you run the risk of damaging your car as well as the gate arm. When arriving at a gate, please slow down and wait for the gate arm to open completely before driving through. After a car passes the gate, please wait for the gate to return to its normal position before approaching; this will ensure that the gates maintain normal function and will prevent the potential of damage to either your car or the gate. If you have any additional questions or concerns, please feel free to contact us at 352-746-6060.

Home Sales

By Wayne Saxer, Vice President of Sales

January and February 2022 were incredible months for new home sales here! There's no reason to believe we won't continue to set new annual sales records again in 2022! Many factors contribute to this wave of enthusiastic visitors, who are rapidly becoming our new neighbors.

- Mortgage interest rates remain low

- Nationally, prices for existing homes continue to increase

- Homes are being sold quicker as consumer confidence grows

- Inventory of existing and new homes is being gobbled up

- Thousands of Baby Boomers are leaving the workforce every day

- Mother Nature has been especially harsh this winter throughout the country

In January and February, our Discovery Tour program was booked solid. So many folks have been requesting

to see our beautiful community every day. It now looks like this strong demand will continue well into the spring ... and that's very exciting!

Our sales team has been working very hard this season. Our on-site tours are scheduled by appointment only; we do that to ensure each visitor has the time with a dedicated Sales Associate to experience the Villages of Citrus Hills and see all that the area and our community have to offer. This focused approach is paying off. Susan Mastrangelo, our Sales Associate for the month of January, did an outstanding job showing off Citrus County and the community. Congratulations Susan, you're off to a fantastic year!

Happy spring — Let's enjoy the return of Daylight Savings Time!

10 Tips for Spring Cleaning Your Garage

- 1. Have a Plan.** Make a list of things that need to get done or sketch out a rough plan of the final result. Then open those doors, let some air and light in, back out your car, and begin.
- 2. Pick Your Process.** Tackling the easiest things first, like gathering up recyclables or tagging items you can donate or bring to the dump. Empty the entire garage out and build it back up, piece-by-piece. Or pick a small section that's bothering you most and begin there.
- 3. Deep Clean.** An empty garage is the easiest to clean. Start with a good thorough sweep of the floor. Dust the shelves, cabins, crevices and every nook of the garage. Wipe the ceiling to remove smoke stains, greasy dirt, and cobwebs. Run a water hose to wash down the floor and drive all the dirt out to the outside of the garage.
- 4. Have You Used It?** Itemize things into "use regularly," "use annually," "never use," and "sentimental storage" categories. Everything in "never use" can be donated or tossed; check annual and regular use items for signs of wear and tear and replace or store; when it comes to things that are purely sentimental, focus on what you really want to keep and what you actually have room to store.
- 5. Utilize Vertical Space.** A garage with a parked car or two is tight, so use your walls, even ceilings, as best you can to maximize space. The ideal options are open metal or wire shelving systems, with tubs and bins for things like holiday decorations.
- 6. Hang Things.** If square footage is an issue, use a peg board with hooks for vertical wall hanging. Hang shovels and trowels on the wall to save space. You can also hang golf bags, tennis rackets, and bikes.
- 7. Wheel It.** Keep your tools in a wheeled bucket or wheelbarrow so you can easily pull it out whenever you need to get to work on those weeds.
- 8. Find Alternative Storage.** If you're using something regularly, it should be kept in the house. A coat rack in the garage may seem like a good idea, but your clothes could be exposed to whatever critters are crawling around in there and the damp, cold, or humid conditions can lead to mold. Avoid shelving dry goods or other food items in the garage.
- 9. Consider Placement.** Make sure the items you use more often are in more accessible areas.
- 10. Give Every Item a Home.** Label everything from the hooks and pegboard stations to your storage bins. This will ensure that items will be put back in their proper place.
